**IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.**

### **WARNING - Seizures**

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

**Convulsions  
Altered vision**

**Eye or muscle twitching  
Involuntary movements**

**Loss of awareness  
Disorientation**

- To reduce the likelihood of a seizure when playing video games:
  1. Sit or stand as far from the screen as possible.
  2. Play video games on the smallest available television screen.
  3. Do not play if you are tired or need sleep.
  4. Play in a well-lit room.
  5. Take a 10 to 15 minute break every hour.

### **WARNING - Radio Frequency Interference**

The Nintendo DS can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.

- Do not operate the Nintendo DS within 9 inches of a pacemaker while using the wireless feature.

### **WARNING - Repetitive Motion Injuries and Eyestrain**

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- When using the stylus, you do not need to grip it tightly or press it hard against the screen. Doing so may cause fatigue or discomfort.
- If your hands, wrists, arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists, arms or eyes during or after play, stop playing and see a doctor.

### **WARNING - Battery Leakage**

The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS.

If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.

To avoid battery leakage:

- Do not expose battery to excessive physical shock, vibration, or liquids.
- Do not disassemble, attempt to repair or deform the battery.
- Do not dispose of battery pack in a fire.
- Do not touch the terminals of the battery, or cause a short between the terminals with a metal object.
- Do not peel or damage the battery label.

*Note: Your game is automatically saved as you play.*

## COOK WITH MAMA

Choose a dish and make it with Mama's help! You can always choose Practice first to try a recipe out before it counts. Once you've served up your dish, Mama will let you know how well you did. As you cook your way through the available menus, you'll earn new recipes to try!

## LET'S COOK!

Treat your friends to a culinary masterpiece! If you make a mistake this time, though, it's game over. Try your best to tantalize your friends' taste buds. Select someone to invite over and then touch the dish you want to cook for him/her. If you do a great job, your friend will be thrilled. He or she might even give you an item or introduce you to someone new.

## LET'S MATCH

Combine two ingredients together and serve them up. Be on the lookout for exciting new flavor combinations. Try out all sorts of blends to increase your recipe repertoire.

## LET'S SHOP!

Mama's sending you shopping! Avoid pesky characters and purchase everything on Mama's list before time runs out. The ingredients Mama needs are shown on the top screen. Touch and drag the bottom screen to scroll around in search of everything on the list.

- Once you find an ingredient, move next to it and then touch the ingredient to buy it. Be careful—if you bump into a troublemaker along the way, you'll lose a heart from the top screen.
- Press **START** to see Mama's list and your current status. Once you've bought everything on Mama's list, run out of hearts, or run out of time, your shopping trip is over.
- Bump into one of the characters in your way and you might just trigger a new mini-game. Hang in there until time runs out and you'll be fine, but you'll have wasted valuable shopping time so get back to the aisle quick.
- If you lose a mini-game, you'll forget what ingredients Mama asked you to buy, so do your best to stay away from those characters.
